## A Bad Day's Fishing

Well the fish aint bitin' but the skeeters are  
little buggers gone hidin' they don't wanna get caught  
It's too nice a day to be danglin' on the end of a line  
But a bad day's fishin beats a good day's work every time

Little ol' worm around a big ol' hook  
He don't mind the water in this babblin' brook  
Just swimming' arou7nd and having a flaming good time  
He knows a bad day's fishin beats a good days work every time

Chorus:

Well a bad day's fishin aint a bad day at all  
Just as long as you're a wettin a line  
And when The Man up above is a tallyin' up  
He's gonna look down on you and he'll smile  
And he'll say "A day spent fishin' is good for your soul  
So I'll just add it to the end of your life"  
And a bad day's fishin beats a good day's work every time

Well the fish swim by and he say to the worm  
"Tell that fool up there he's gonna get burned  
Sleepin in the sun like that mate, he's gonna fry"  
He knows a bad day's fishin' beats a good day's work every time
